

MISSION: KIND

FREE dental hygiene services for *Kids In Need*

Offered by

Anaida Deti, RDH, Dental-X Smile Centres
106-500 Sheppard Ave. E., North York

About *MISSION: KIND*

The MISSION is designed to help children living in shelters, foster homes or with a single parent who can't afford or access professional oral care services.

This “no-cost” program focuses on preventing cavities and gum disease by teaching and motivating children on the steps to proper oral hygiene that will keep their smiles healthy.

- Available to children ages 6-16.
- Registrations accepted on the 15th of each month.
- Services include oral assessments, scaling (teeth cleaning), polishing, fluoride treatments, oral hygiene education and home-care instruction, and free oral care products.

MISSION FUNDRAISING – For every child treated at the dental hygiene clinic, a financial donation will be made to promote good oral health and wellness for children in need.

About Anaida Deti, RDH

Anaida is a registered dental hygienist who is passionate about her profession and giving back to her community – especially when it makes life a little better for children in need of oral care, and for parents who have difficulty providing it. Her goal is to get others involved in the MISSION and help more children.

Owner of Dental-X Smile Centres, Anaida is authorized by the College of Dental Hygienists of Ontario to provide the public with ongoing comprehensive oral care.

Dental hygienists are regulated health-care providers. They have extensive clinical knowledge and skills for preventing gum disease and tooth decay, and make referrals when appropriate.
